

C12 Nuclear Physics:

The annual meeting of commission C12 will be held in Bonn, Germany, on Monday, August 3 during the IUPAP sponsored 19th International Conference on Few Body Problems in Physics. The meeting will follow the meeting of IUPAP Working Group 9 on International Cooperation in Nuclear Physics on Sunday, August 30 at the same place. The members of WG 9 are welcome as observers to the meeting of C12 and the members of C12 are welcome as observers to the meeting of WG 9.

Plans have been made to publish an announcement in February 2009 with a call for nominations for the IUPAP young scientist prize in the field of nuclear physics. The plan is that three prizes will be awarded at the IUPAP sponsored International Conference on Nuclear Physics in Vancouver, Canada, July 4-9, 2010. An open issue is whether there it will be possible for IUPAP to pay for publication of the announcement in the appropriate international journals eg. Nuclear Physics News.

Meeting adjourned for the evening and resumed on Saturday 7 February at 09:00
