

# CALL FOR PROPOSALS

## Proposed Sites to Host LT27 (in 2014)

Proposals are now being sought from those who have an interest to host the 27<sup>th</sup> International Conference on Low Temperature Physics to be held in 2014. By natural rotation, LT27 is expected to be held in North or South America; LT25 was in Amsterdam, Netherlands, in 2008 and LT26 will be held in Beijing China in 2011.

Proposals need not follow a specific format, but should be detailed enough to allow the members of IUPAP C-5 to be adequately informed. (A) It is expected that proposals will propose an overall organization of the program consistent with tradition. (B) It is also expected that proposals will include: (1) information on the proposed conference site, with meeting space details, and the anticipated date span for the conference, (2) comments on the scientific program, including the topical areas of the major parallel sessions, (3) the proposed conference chairperson, with details about the various planned committees, (4) comments on the publication plan for the proceedings, (5) an anticipated budget including the registration fee, likely sources of financial support and the possibility for financial aid, (6) comments on local accommodations, proximity to the meeting site and local travel options, (7) tentative plans for excursions, and (8) other information that proposers may wish to supply.

Proposals should be sent to the chair of IUPAP- C5: preferably be e-mail with attachments (e-mail: [hallock@physics.umass.edu](mailto:hallock@physics.umass.edu)); or by regular mail (Prof. R.B. Hallock, Department of Physics, 666 North Pleasant St., University of Massachusetts, Amherst, MA, 01003, USA

**Deadline for receipt of nominations is April 15, 2011.** The C-5 Committee anticipates that the selection will be finalized during its meeting in Beijing at the time of LT26 (early August, 2011) and announced at the end of that meeting.
